

AP02A, AP02B Air Purifier

AP02B

AP02A

Components:

Fine mesh pre-filter >>> Dust trapping box >>> VOC filter >>> Formaldehyde filter >>> Ozone filter >>> UV light

Dust-trapping box is extremely useful in dust and suspended particles removal (even PM0.1), and is way more durable than ordinary filters

Specification		
Model	AP02A Air Purifier	AP02B Air Purifier
Power consumption	30W, 50Hz, 220V	20W, 50Hz, 220V
Purification capacity	370m ³ /hr	230m ³ /hr
Negative ions emission	3x10 ⁶ /cm ³	
Operation noise	40/ 52/ 60 db	35/ 48/ 58 db
Dimension	363(W) x 231(L) x 800(H) mm	360(W) x 242(L) x 456(H) mm
Weight	15.5kg	8.5kg
Coverage	80-120m ²	50-60m ²
Sterilization	99%	98.77%
PM2.5 removal rate	> 99% (within 40 mins operation)	
Formaldehyde removal rate	91%	79%
VOC removal rate	95%	81%
