

U03 Ultrafine Misting System

U03

Fast and extensive humidification

Accurate humidity adjustment

Intelligent control

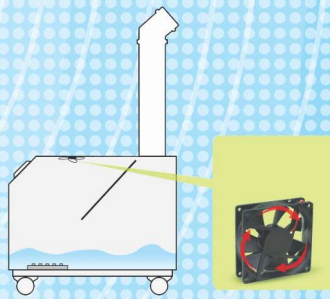

Timer available

Specification

Model	U03 Ultrafine Misting System
Dimension	650mm (W) x 600mm (L) x 640mm (H)
Power consumption	220V, 50Hz, 900W
Humidification capacity	12kg/hr
Coverage	100-120m ²

Ultrasound nebulizer

Fan inside the machine create circulation to promote mist emission

Humidity can be adjusted to as accurate as 1%

Water-proof fan, transformer and humidification sensor
